Work Experience

Atexis Spain

TECHNICAL AUTHOR / PROOFREADER

Seville, Spain

March, 2019 - Present

- I am responsible for the technical authoring of Aircraft Maintenance Manuals (AMM) for the H160 brand-new project from Airbus Helicopters.
- As a daily basis, I make queries of the client's DD.BB, as well as reviewing engineering drawings, engineering and safety requirements along with the analysis of multiple sources of technical information.
- I also prepare drafts for the illustration team and their subsequent validation.
- Since February 2020, I am also (certified) Proofreader, assuming greater responsibilities for the project by performing a Final Check with the aim of improving the quality indicators (KPI) before sending the deliveries to the validation Companies.
